SOFTWARE DEVELOPER

Description

Job Summary

Hiring organization

Blackwater Tech

Date posted

July 12, 2024

We are seeking a skilled and motivated Web Developer with a minimum of 2 years of experience in web development. The ideal candidate should have expertise in ASP.NET Core, Web API development, and a strong proficiency in HTML, CSS, JavaScript, and C#. The candidate must possess excellent communication skills and hold at least a bachelor's or master's degree in a related field.

Responsibilities

Responsibilities:

- Develop and maintain web applications using ASP.NET Core and other relevant technologies.
- Design, implement, and maintain web APIs to facilitate seamless communication between different systems.
- Create responsive and visually appealing user interfaces using HTML, CSS, and JavaScript.
- Write clean, efficient, and well-documented code in C#.
- Work with MySQL databases to store and retrieve data efficiently.
- Collaborate with cross-functional teams to understand project requirements and deliver high-quality solutions
- Demonstrate effective communication skills, both written and verbal, to convey technical information to non-technical stakeholders.
- Stay updated on industry trends and incorporate best practices into development processes.
- Provide technical support and troubleshooting for existing applications.
- Possess the ability to adapt to new technologies and frameworks

Qualifications

Qualification

- Bachelor's or Master's degree in Computer Science, Software Engineering, or a related field.
- Minimum of 2 years of experience in web development.
- Proficient in ASP.NET Core and web API development.
- Strong expertise in HTML, CSS, JavaScript, and C#.
- Experience working with MySQL databases.
- Excellent communication skills to effectively collaborate with team members and stakeholders.
- Knowledge of Xamarin, Android, Kotlin, iOS, Svelte, and React is a plus.

- Ability to work independently and as part of a collaborative team.
- Strong problem-solving skills and attention to detail.
- Willingness to learn new technologies and adapt to different projects
